ART: BURN IT DOWN

Blooming Goddess (EFFIGY)

Artist: Mun

This year's effigy is our Blooming Goddess, standing tall and looking over the POrtalBurn. Mythical, majestic, and strong, she sets to ignite the crowd as a magical and mystical gift to enlighten your burning experience.

The Temple of Aetherios (TEMPLE)

Artists: Atlas and Vorpaliens

Last year, we the Wizards and Witches, Warlocks and Magi of Vorpal Blaze together with all those who came with us through the POrtal slew the monstrous Jabberwock! Too late we realized that the mighty Jabberwock was a key part of the natural cycle, corrupted as it was by the machinations of the evil Red Queen. We knew we had to make this right. We knew we had to bring the Jabberwock back. And not only bring it back, but cleanse its spirit so that it could once again take its place in the natural order. So we got to work: poring through ancient tomes, holding fierce debates and conducting arcane experiments. And now we have a plan: We shall build the Aetheric Temple! It shall be a place of light and music, wonder and community. We will build musical instruments into the structure and weave fairy lights across it. It will be a place for people to gather and play, reflect and meditate. And at the heart of the Aetheric Temple we will place the Egg of the Jabberwock. The music and laughter of the POrtal goes will cleanse the spirit of the Jabberwock. The poems and wishes the people write on the Temple walls will restore its noble purpose. And when we light the sacred fire and the flame of the burning temple frees the Jabberwock from its shell it will be reborn like a phoenix and the natural cycle shall be restored!

Burning Sensationalism

Artist: Pixy

A Burning Art Piece: By embracing the subtlety of our senses, we reclaim agency over our experience, forging genuine connections that transcend the superficiality of sensationalism. My effigy stands as a testament to the power of quietude in a world clamoring for attention, reminding us that true connection lies not in the loudness of our voices, but in the gentle whispers of our senses.

Fiasco Zone

Artist: djfuture86

A Heart drops, wings spread, run on now and take every chance. Ya only live once, why wallflower, baby, it's time to fucking dance! Call a rose a flower each one pretty, yet not the same. Style jackers say "de nada", but, I'm the wind beneath their wings. Mistook silence for compliance, but I know why the caged bird sings. Many have tried, but failed to clip these energetic wings. Get on the ground, down low and dirty, rolling in the deep, spirits spiral up from the underground, where the dark hearts silently weep. Then getting high, we're slow to rise, the price a pauper pays is steep. Time rewinds, from busy mouths, pulled names of victims hung heavy like crushed dreams. Just uncloak the faces of the faithless and have a gaze upon TRUE grief. We're in the fiasco zone, as one but alone, fail as many times as there's a need. Bird brains may squawk their petty judgments, even through beaks chock full of seeds. But cackles from gilded cages, love, can't be heard atop lofty trees. May the daggers align with each evil eye and blind every last subservient pleeb. <3 - LePrix

Astral Harbor

Artist: Alice MacDonald

A glowing point in the distance

The Bent Carrot

Artist: Saint

The Bent Carrot. You've heard about it. You've suffered through the ads. Now come enjoy it as a theme camp with multiple Bunny and Go-Go art pieces. Slightly bent, but it still works, and it makes people happy, kind of like our favorite burn with our own angle on approaching life and happiness. Come visit the Bent Carrot to see the giant driveable bunny! Take a spin on the movable stripper pole, which you might spot at different places during the burn, depending on where it's needed. If you're mobility challenged, come visit to see what Saint has in the motorpool to help you get around. Signage and art will be on display to help you find your way to the Bent Carrot. Look for the orange, take a turn at the bend and you'll find us!

Between 2 Worldz!

Between 2 Worldz is a temple for grief. A place to honor lost loved ones. Leave a message for a lost loved one to be burned in the Temple on Sunday. Furs to sit on and spend time with the spirits. Paint a uv reactive cockroach  to take with you;)

The Devil's Lemonade Stand

Has everything felt soul crushing lately? Do you feel sometimes like you've sold your soul to the devil? Right now, hell has a half-acre and we're fund raising to purchase more. Visit us at our lemonade stand to help offset the rising cost of eternal damnation by pledging whatever part of your soul you have left (has inflation not impacted everything lately?) It's a weekend filled with sin and we're here to capitalize on it.

Don't Panic Sailor

Artist: Saint

Dragon Lair

Artist: NittyGritty

The Eye

Artist: Lumina

'The Eye' is an eye-shaped interactive light sculpture that is activated by festival participants giving them a platform to express themselves creatively.

Flower Portal on the Grass

Artist: Acadia

Take a load off and recline on the hill with the POrtal sign, a fragrant floral bouquet of giant letters that *probably* smells like plastic and adhesive. Smell it for yourself (or not). Take pictures of yourself, take pictures of your friends (with their consent), or admire the sign from the deck of The Burrow or from the comfort of a flotation device in the lake.

Glory Hold My Hand

Artist: Katie Landis

Interactive Glow Gallery and Laser Art Lounge

Artists: Mistress Ridiculous and Knucklesworth

Get lost in the glow of art. This interactive gallery features UV reactive fine art that glows long into the night even when the lights are off. Bring a blankie and lay beneath luminescent ceiling sails and enjoy the feeling of floating through the cosmos. This year's installation is expanding to include an interactive laser art lounge where burners can draw, write, and make temporary doodles on canvas with UV laser pens. Come bask in the glow of art and experience the dance of light across the canvas.

It's a Trap

Artist: Steve Landis

A life-sized wooden mousetrap with a painted Instagram symbol in the center to represent the cheese. The dead Man was caught by the Instagram cheese as a meta statement about culture and Burning Man. I believe Instagram is a cancer on, and what is wrong with, part of the ongoing Burning Man culture. I recognize that Instagram and other social media will not disappear (one can hope!) or modify on its own, but the purpose of art is to enlighten the participant and highlight potential flaws. Cacaphony and absurdity is the root of Burning man. Things that degrade the culture should be pointed out and ridiculed. The death of the Man, as a proxy for Instagram models, embodies It's a Trap. Going for Instagram fame seems like a good idea, but in the end it results in the culture's death.

Kisspresso

Artist: Postmaster

Turns out we have been drinking coffee wrong....all these years! Want to learn the science of ingesting caffeine? Then visit kisspresso. It's all science based. Please don't cheapen it by calling it a kissing booth. This is learning, this is kisspresso.

Letting Go Labyrinth

Artist: Sunshine

The project way to bring your troubles, pain, and grief through the labyrinth. Folx can bring in a stone to represent something that has been an emotional or mental weight they're carrying. The representing stone is to be honored and be left in the middle of the labyrinth with stones for others. Travel back out of the labyrinth will be the wishes, hopes and commitments to oneself having

let go of whatever that stone represented. It will be made with flying tape and landscaping staples. There will be two bowls with stones and instructions. On both will be at the entrance. The other bowl will be for stones left in the middle.

MoKiMo Portals III

Artist: Laura Katz Rizzo

These mobile kinetic modular art objects are made from fallen branches bound together with ropes. Their structure reflects both an abstract and literal consideration of non-Euclidian, organic development, growth, and balance. The portals are made using minimal tools, no electricity, and manifest creative architectural forms inspired by natural structures and processes like dendritic branching, neural networks, and mycelium. The portals are site responsive and meant to integrate with rather than dominate the landscape.

Noisy Bullshit on the Road

The horns are back in town...you heard them before, new and improved for 2024!! See what all the fuss is about and make all the noise you want. Stop by anytime.

She gracefully allowed me to reuse repair and reinvent her artworks for public presentation. Works have been reconfigured and reused in keeping with the traditional designs. Originally lantern designs were made from bamboo and silk and rice paper.

POrtal Puzzle

Artist: Sammi

Create your own piece to the POrtal Puzzle! I'm trying to create a visual representation of us burners coming together every year. We are all different and amazing in our own ways and I want to see what people feel that looks like on a canvas. They don't have to look like puzzle pieces as the canvases fit together perfectly already but if that is the desire please do so! If the artwork that is created is something you would like to take you can but we encourage you to leave them behind as we will be putting them together in one big final piece for year 2024 POrtalBurn!

Professor Willie's 1960s Liquid Light Show

Artist: Professor Willie

Professor Willie's 1960s liquid light show is similar to the backdrops used by '60s psychedelic bands, such as Jefferson Airplane and Pink Floyd. Liquid light shows were an integral part of the '60s psychedelic music scene. Professor Willie's multimedia event includes projected slides, videos, laser patterns (even though lasers weren't available in the sixties), and most importantly, organic and orgasmic patterns produced using liquid dyes and colored oils. Tune in and turn on to the psychedelic imagery and music of the '60s!

Professor Willie's Cock-cophony Pendulum

Artist: Professor Willie

Come by during the daytime hours and give Professor Willie's phallic pendulum a gentle push and produce a cacophony of noise! (Active daily until 10:00PM)

Queer Temple

Artist: Phoenix Fire

Step into the Queer Temple, a unique sanctuary that celebrates the diversity and vibrancy of queer life. This exhibition is not just a display of art; it's an immersive experience where each tapestry tells a story. These pieces, born from Phoenix Fire's photographs of the queer community, have been transformed into stunning, stained-glass-like images on fabric, reclaiming the presence of queer folks in sacred art such as stained glass. The Queer Temple is more than a gallery; it's a space where personal journeys and community narratives converge, challenging the often limiting views of queer and transgender lives. As you explore this rich tapestry of resilience, beauty, and complexity, you're invited to reflect, connect, and perhaps discover new insights into identity, community, spirituality, and queerness. Join us in celebrating this vibrant mosaic of experiences, a testament to the ever-evolving and sacred essence of the queer community.

Tensegrity

Artist: Bunny

We all feel tense sometimes. But what if your tension was in perfect equilibrium?

Terranexus

Artists: Atlas and Fern

Rumors tell tales of a lost city, a highly advanced civilization, wiped out by a global catastrophe thousands of years ago. Artifacts and structures were left behind for all to wonder about their origin or function, but no one has solved the mystery. Or have we?! Some say they've seen something strange floating by with bright lights speculating about aliens, others talk about a crazy scientist who creates weird things and to just ignore the phenomenon, and kids say they hung out with Atlas... A being from the lost city who showed them magical wonders. But none of these could be... Right? Will you see the phenomenon? What will you do?

Virtual Reality Playground

Virtual Reality provides endless fun and brings immersive, engaging and creative collaborative fun.

The Visitor

Artists: Vibe Killer and Space Burrito

Out of the vast and wondrous depths of the cosmos, something - or someone - has traveled eons to meet us here, on Hummingbird Hill. An emissary of the farthest stars, it's here with an important message - if we can figure out how to talk to it. Don't be nervous, it's nice, we checked. Though our mysterious interstellar guest did not need a body until it arrived, when it got here it constructed one out of the first plentiful material it found. You might be surprised when you find out what it chose. Swing by during the day to learn and take a close look at this intriguing construct. Come back at night to try your hand at communication, on The Visitor's terms.

Quiet Interlude is a tranquil sanctuary within the vibrant chaos of the burn. Designed for those seeking moments of peace and introspection, this camp offers a serene environment where participants can recharge and reflect.

A Reptile Dysfunction

Is your reptile functioning properly? Ours are all soft and wiggly! Yours too? Geez, what's wrong with reptiles these days? Our ancient ancestors loved reptiles. Many say our ancestors WERE reptiles. It used to be you could be a lizard, now you have to be a lesbian, because of woke. Return to your reptilian roots. Get flaccid, stay soft, no hard stuff! We think you get the picture. Got it? We don't.

Skanktuary

Welcum to Skanktuary, toots! Whadda yah want? Skanktuary is a delicious and NC-17 place to receive guaranteed bad service and eggcellent food. We'll be open for business for brunch on both Friday and Saturday. Whether you like your eggs fried or fertilized, we will de-liver the yum, and then some. Our menu is punny and our service will give you a run for your money. At night, our chef's best are served on the decks. Bring your dancing onsies and werk off all that delish with us; THE SKANKS. We will have many mustaches, foolery, a full bar and yummy treats to share. Last but not least, after the burn on Saturday evening we will be celebrating the 50th birthday of our Skank Muvah' BAWLS, Barb Wire. So cum on (or all) over and treat yoself to a frumunda cheese board, and let's get Skanky!

Slacker Camp

Slacker camp is a camp for the slacker in all of us. We have cuddle puddles. We have a photo booth. We have cool events to come hang out during. We have yard games to win...or lose. We have other stuff. Or we won't...

Tea & Trepidation

Lovers of tea in many forms. (Both the lovers and the teas. Flying or grounded, we like both. With luck, you'll stop by when we have a batch to share.

Vorpal Blaze Camp

Welcome to the camp of the Vorpal Blaze - the magicians who slew the mighty Jabberwock! Wander through the Giant Mushroom grove to the circle of flame where the Fire Witch is rumored to lead fire flow conclaves under the stars. Dance to the melodic rhythm of the Vorpal Bards as they mix out tracks that will move you almost against your will. And marvel at the artistry of the Aerial Harlequins - and if you too have mastered the aerial arts (and ask nicely) mayhaps you too may use their apparatus to fly. Oh, and keep an eye out for the Eldritch Barkeep. No one truly knows when he will appear, but if you are fortunate enough to catch him at his bar (and can fulfill the task he gives you) you will be treated to a truly heavenly concoction... of his choosing.

Which Camp? Witch Camp!

Some of us are witches, some of us aren't. We are all some flavor of neurospicy :)

Wizard Camp

A glowing courtyard of colorful lights, you can't miss it! Come make new friends, have a drink (or don't), warm yourself by our fire, make giant bubbles, enjoy some tunes!

Would U Rather

Come to Would U Rather for food and fun! Enjoy our coffee bar and hot breakfast in the morning, or stop by later to play our namesake game (spin the two wheels and choose which you'd rather do!), relax in our inviting camp accommodations, or warm yourself by our fire.

Unloading & Parking

Primary parking is on-site, in one of two designated parking lots. Weather dependent, you may be allowed to drive into parts of the event site to unload and then return your vehicle to the parking area. If you arrive after dark, please use flashlights or headlamps while walking back to the event site. When you arrive, Parking volunteers will guide you. Most open camping does not have direct vehicle access, depending on where you decide to camp, you may have to 'walk in' from the closest load/unload zone. There are wagons available to help make it easier but we encourage you to bring your own as well. Most placed theme camps will have vehicle access for loading and unloading. Parking volunteers will manage the number of vehicles permitted in the theme camp space at any given time. Once unloaded, theme camp vehicles must be moved out of the event space to the primary parking area, unless they have been granted permission by our Placement or Parking Lead to park onsite.

Camping

There are designated areas for theme camps, open camping, and 'quieter' space. Please be aware no location is silent – ear plugs are recommended if you need a very quiet space. Refer to the site map for designated locations. Burners are typically "glampers". Set up whatever it is you like, but the bigger the structures, the more challenging it may be to find adequate space. We encourage you to light up your camp. Flashy lights, laser strobes...be as extra as you like! Illuminating pathways invites participation!

Volunteering

Every person that attends POrtalBurn is a participant. POrtalBurn is a volunteer driven event - there are zero paid staff. We as a community work together to make POrtalBurn happen. Once on-site, you can visit The Information Tent (TIT) to see the volunteer schedule and sign up for open shifts.

Water

Bring your own potable water for camp needs, personal consumption and any dishwashing/laundry needs. Water will not be available on site other than in the showers (and the showers are strictly for washing Burners, nothing else).

Ice

Ice is the only thing sold at POrtalBurn. It is available on-site starting Thursday afternoon, through most of the weekend. The freezer near the lodge will be stocked with bags. Recommended minimum donation is \$4 per bag. Any extra proceeds will benefit POrtalBurn Art Grants for 2025! There is NO RE-ENTRY, so please DO NOT LEAVE TO BUY ICE!

Showers

There will be a communal co-ed shower shelter (no walls) in a central area, using potable water provided by our hosts. In keeping with POrtalBurn tradition, it will be cold! You are welcome to set up your own shower system near your camp but please be mindful of runoff and how it may affect the environment (and others!). Soaps and shampoos MUST be environmentally friendly, biodegradable, and non-toxic. Do not leave your shower supplies behind as a 'gift' – that's not a gift, it's just gross. Please be considerate – the showers are not for dish washing or drinking. Wash yourself, wash a friend (with consent) but please don't wash anything other than Burners in the shower area.

Pond Rules

The site has a pond. Don't forget your floaties. You may swim in it AT YOUR OWN RISK! ALL CHILDREN MUST BE ACCOMPANIED BY A SOBER ADULT. NO SWIMMING AFTER DARK. Failure to follow these rules will be grounds for immediate removal.

Trash

This is a 100% LNT (Leave No Trace) event. You are responsible for every piece of trash you generate. It is our Civic Responsibility to ensure our event does not negatively impact the community around us. DO NOT dump your trash at local businesses, it jeopardizes the future of our event. Have a 'camp trash plan'. Discard product packaging prior to arrival. Bring trash bags and your own portable ashtray. Embrace reusable supplies. Burn your burnables. Avoid glass containers. Collect your recycling. Keep trash and food in your camp covered and closed to avoid attracting wildlife. LNT means 'pack it in, pack it out'.

Fire Safety

You can have a burn barrel or elevated fire pit. All fire pits, flame effects, fire circles, and propane/gas powered flames will be checked by our Fire Team. If there are any safety concerns, you must address them. Campfires must be at your campsite, raised off the ground, in a contained barrel or elevated fire pit, and monitored at all times. Do not leave fire unattended. Camps with fire must have a fire extinguisher (5 pounds, ABC type) or a filled 5-gallon water bucket readily available. DO NOT bring outside firewood. This region is highly sensitive to the Emerald Ash Borer (an invasive species that is tightly monitored). Wood from outside the immediate area is prohibited. As part of your ticket price, POrtalBurn provides locally obtained wood for burns, camp burn barrels, and fire pits. There will be a designated ash dump at the main burn pad. When you leave, dispose of any ashes from your burn barrel or fire pit responsibly. Do not discard any ashes or embers anyplace other than the designated ash dump.

Principles.....

Radical Inclusion

Anyone may be a part of Burning Man. We welcome and respect the stranger. No prerequisites exist for participation in our community.

Gifting

Burning Man is devoted to acts of gift giving. The value of a gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value.

Decommodification

In order to preserve the spirit of gifting, our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

Radical Self-Reliance

Burning Man encourages the individual to discover, exercise and rely on their inner resources.

Radical Self-Expression

Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

Communal Effort

Our community values creative cooperation and collaboration. We strive to produce, promote and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

Civic Responsibility

We value civil society. Community members who organize events should assume responsibility for public welfare and endeavor to communicate civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with local, state and federal laws.

Leaving No Trace

Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better state than when we found them.

Participation

Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

Immediacy

Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.
